We would like to thank the readers of Everything Equine for the donations and calls from people who would like to adopt one of us. We have another group coming over to volunteer for a day. Last month's article was a fantastic and wonderful way to spread the news about us.

We would like to thank Sun Coast Shavings who was made aware of our cause and graciously donated over 1000 bags of shavings. It was very kind of them to think of our comfort.

Thank you, Equine Community of Florida. You are made up of many different people from many different ways of life. There is one thing you all seem to have in common; your hearts are with us!!!

This month, the adoption pictures will go up so everyone can see beautiful horses available for adoption. Please visit the website soon and maybe one of our four legged friends will touch your heart!! [www.PTHR.org](http://www.PTHR.org)

Thank you to Everything Equine and all of your readers for all you do for us, the horses.

We needed you and you listened to our pleas.

Love,

The Horses

Happy Trails 4-H club President, Sofia Curkovic, qualified for the 2008 Regional 4-H Events. She has qualified for showing her horse, horse speaking, horse judging, and horse bowl. Many, if not all, have never heard of one (1) 4-H person qualifying in so many equine events. Not only has she qualified but she is number 1 in the state of Florida for horse speaking. She, along with her team members Maryssa Ludwig, Missy Currier and Janelle Winn, are number 1 in the state of Florida for horse judging and reserve for horse bowl. As the leader for Happy Trails 4-H Club I would like to say congratulations to all the kids who participated in the equine events this season and a huge "GREAT JOB" to Sofia!!!!

# Are there health benefits to feeding horses hay before grain?

**Q:** I recently hired a new barn manager whose feeding practices differ from mine. I have always given the horses hay as soon as I get to the barn in the morning, then grain. When they are finished eating they get turned out. Since I have 18 horses, some of them might not get turned out for ½ hour to 1 hour after they eat. My new barn manager wants to give them just grain while they are stalled and have them eat their hay after they get turned out. I know the reason she wants to do this is to keep the stalls easier to clean, which is acceptable to me only if it doesn't have an impact on the horses' health. Could you please advise?

**A:** There is a nutrition myth that hay must be fed before grain. However, this does not have an impact on horse health. The only time it might make a difference is with horses that bolt their grain. Feeding hay first will help slow their eating down as well as slow down their digestive process. However, no research has shown that feeding hay before grain will have any other impact on horses.

The exception to the rule is for horses that consume ½ or more of their diet as grain. This is not recommended. In this situation, feeding hay first will help — but it is always recommended to divide the meals into smaller feedings throughout the day. This may also help horses with a history of colic.

# Naples Teen on Mission to Help Promote the Gypsy Vanner Horse

Help Ariel and "Joy" meet their goal of \$850.00 to have a trophy belt buckle mold made for the *Gypsy Vanner Horse Society!*

Saturday, August 9<sup>th</sup>

10:00am to 3:00pm

at the new Tractor Supply in Naples, Florida, located on 41 just east of 951.

Gypsy Vanner breeders have donated DVDs, post cards and breed information to be handed out free at this event. Breed related prints and framed artwork will be offered for sale. Best of all Ariel and her Gypsy Vanner horse "WR Toy's Joy" also known as Joy will be there for you to visit. Joy will be providing plenty of love and kisses for all.

100% of sales and donations will go towards the buckle mold.

Photo by Tom Harper

Ariel and Joy are on a quest to raise funds for the Gypsy Vanner Horse Society. Their goal is to raise \$850.00 to have a belt buckle mold made. The purpose of this mold is so trophy buckles can be made each year to be given as awards for accomplishments earned worldwide.

Ariel is 13 years old, and Joy is 1, but don't be fooled by their young age. They have worked and trained hard. If you would like to learn more about Ariel and Joy please visit Ariel's web site at [www.dancingfeatherfarm.com](http://www.dancingfeatherfarm.com).

## Gypsy Vanner Horse Society

The Gypsy Vanner Horse is a Beautiful and rare breed envisioned by the Gypsies of Great Britain. This horse was selectively bred for over half a century from a vision to create the perfect caravan horse. The genetic origins of the breed include the Shire, Clydesdale and native British ponies such as the Dales.

In addition to the Vanners amazing looks, the breed possesses a temperament that is friendly and engaging. Easy to train, smart, and willing, these horses have it all. Although originally bred to pull the Gypsy's wagon, these horses are now being used in all disciplines. Still used on wagons, but you also see them all decked out pulling beautiful carriages, being ridden in dressage, hunt seat, saddle seat, western and bareback. Whichever you prefer the Gypsy Vanner is doing it all. This horse is also a wonderful family horse, popular for trail rides due to their unflappable nature.

If you wish to help Ariel and Joy with a donation but are unable to visit them on the 9<sup>th</sup> you can mail a check to:

GVHS-Executive Director  
P.O. Box 177  
Marlboro, NY 12542

Please make checks payable to GVHS and write for award buckle in the MEMO.

# The Sandman

*By: Half Vast Connie*

Once my Father traveled to see our Florida land,  
He said, "I'm not impressed with all this sand!"  
"Our soil here", I said, "Won't grow the finest hay!"  
But we grow all the watermelons you eat Memorial Day!

Our vine-ripe tomatoes are the best in the land!  
They thrive in our soil. They "love" the sand.....  
Our orange groves—AWESOME—this case I put to rest!  
Who can argue? Our orange juice—THE VERY BEST!

It's a fact. My cats can't trudge through sand to catch a mouse!  
And on their paws they carry sand all through the house!  
There's sand in the washer—sand all over the bed!  
Sand on the pillows at night, where I lay my head.

A menace to hardwood floors-it's in all the rugs.  
It's enough to make a person want to use drugs!  
There's sand in our cars-carpet of my truck.....  
I guess in reality-sand really does suck!

In our soil grow wild blackberries for blackberry jelly.  
What really freaks me out is sand in a horse's belly!!!  
Not everyone with horse understands this plight.....  
I hope in this poem to shed some light!!!

Fill a quart jar with water—your horse's manure you add.  
Sand will filter to the bottom so you can tell how bad!  
He'll colic in middle of night-IT'S MURPHY'S LAW-you know I don't lie!  
He should have lived a long life but you didn't even try!

My vet did a seminar to teach all about sand,  
One remedy that DIDN'T work was giving horse BRAN!  
It's a fact mineral oil works to SOME degree.....  
They cut horse open -there was MUCH sand to see!

Your girlfriend tells you "Metamucil" at drugstore you should buy!  
But the small dosage for humans for a horse doesn't apply.  
You couldn't afford to buy enough—it doesn't work I'm saying.....  
Listen not to friend, for horses' lives I am praying.

I liken all these old remedies to an old wives' tale!  
Even "Sand Clear" in the test was known to fail!!!

"Natural Psyllium Fiber" the University of Gainesville said to use!  
Any other concoction they will tell you is simply a ruse!!!!

One scoop psyllium pellets for seven days you give.....  
Once every month and "Wa-lah" your horse can live!  
We've moved on to computers and cell phones-in life we grow!  
Hanging onto old sand remedies only grief you sow!!!!

I was related a story of "The Sandman" when I was not very old!  
The sandman put sand in children's eyes for sleep-the fairy tale was told!  
Please drive to your feed store as fast as wings of a dove.....  
Don't let "The Sandman" put to sleep that horse that you love!

Note: Vet bills cost a lot more than psyllium!  
The University of Gainesville fed 12 horses sand.  
They gave 12 different remedies and natural psyllium fiber was the ONLY thing that worked. Eleven of the horses were still full of sand!

I hope this poem saves "hundreds" of horses from dying from sand colic- But if I knew it only saved one beautiful horse and one human soul from agony I would forever smile!!!

Happy Trails      Half Vast Connie

## Little Heart Gives Big to Dog in Need

On June 30th, my daughter, Taylor celebrated her 5th birthday. She enjoyed the traditional party that included friends, family, food, games, and birthday cake. However, one thing was missing. There was no stack of brightly wrapped gifts. Instead, in the center of the dining room table, next to the puppy dog themed plates, napkins, and cups was a donation box.

Taylor, a passionate dog lover, had asked that her guests not bring a gift, but instead make a donation to an animal rescue group named Canine Castaways, so that she might help save a dog in need. Canine Castaways is known for rescuing the "unadoptables". These are the animals that are in need of surgery or are sick and are often put down instead of being offered up for adoption.

The day after her party, Taylor was sent numerous pictures of dogs in need from Canine Castaways. They were of all breeds and colors. Most of them were small. Two or three of them stood out. They were cute, white, fluffy, bichon/maltese types that were easily imagined wearing pink bows on their ears and being toted around in one of those fancy, doggy purses. I thought for sure it would be one of these dogs that would catch my five year old little girl's attention. I was wrong.

It was Simon that she chose. Simon, the fawn colored chihuahau mix whose petfinder page includes the following note in bold letters.....Warning: Graphic Pictures.....Simon whose pitiful little face stares out from a plastic cone to prevent him from scratching at his infected, abcessed eye. Taylor didn't even flinch at the pictures. She looked at the computer screen and said, "Mom, I think this dog needs the most help. I want to give my money to him." I was so proud of her choice.

There are now updated pictures of Simon. His eye has since been removed and he is looking quite handsome and happy. Taylor and I check everyday to see if Simon has found his forever home and we will cheer for him when he does. What a great gift Taylor received. It is a gift that just keeps giving and we thank all who donated.

I share this story, not for the attention, but in hopes that another child may read or hear this story and decide to do the same at their own party. With the economy in the state that it is there are many charities (animal and human) that are in great need of donations.

Happy Birthday Taylor! I am so proud of you!

Thank you Canine Castaways!

Thanks Party Guests!

## Horseback Safaris

**Horseback Safaris** - Standard one-hour, two-hour, or three-hour horseback safaris are available daily. Horseback Safaris can be arranged for riders with varying levels of experience. All guests should be at least 12 years of age; 10 years of age is an acceptable age with proven riding experience. Guests weighing more than 275 pounds will need to be assessed by our Equestrian Director before they are allowed to take a Horseback Safari. Call-in reservations are recommended in order to assure that we and our horses are ready for you.

A favorite with visitors is our two-night "Crescent J Cattle Drive Weekend Safari," which includes some training in Florida Cowhunter skills of ridin', ropin' and cow cuttin'. (Florida cattlemen weren't "cowboys" because hunting those wild Spanish-descent cattle in Florida's woods and swamps was a man's job, they said.) Choice of campground depends on weather, type of group and recommendation of the riding instructors.

Another favorite is similar, but shorter - an Overnight Trail Ride Safari combined with a next-day "Rawhide Roundup." More time is spent riding the wilderness trails of Forever Florida and learning about nature, less on cowpoke skills.

Corporate Co-workers, Schoolteachers, Professional Club, Flying Clubs, School Groups, Church Groups, Families, Friends, Scout troops or multi-troop Camporees - there are activities and a campground on Forever Florida or the Crescent J Ranch that are just right for a bonding experience. See the Facilities and Events page for more details.

From a small primitive one-troop Scout Camp on the Crescent J that has been used by Girl and Boy Scouts for more than 30 years, we expanded to a remote but up-scale campground 'way back in the wilderness of Forever Florida, then added two campgrounds in between and most recently, a large area "up front" (near the highway) that comfortably holds up to twenty Scout troops for a big Camporee.

Variations on these basic campouts and safaris can be worked out with our staff.

### **Gluquestrian™ Saved this Horse's Life**

"... I was told by my farrier and vet that I needed to put my horse down.... [He] had foundered so badly that his coffin bone had rotated to 16°. ... I tried [Gluquestrian].... It really worked! ... My horse is sound! I am riding him again! Gluquestrian is amazing, and I highly recommend it."  
- Tammy Nute

#### **\*RESULTS BASED GUARANTEE**

Our guarantee covers the initial treatment period, usually 6 to 24 weeks, depending on the problem. (For serious problems, please call us for the most effective dosing.)

You **WILL** see results or get a full refund for the containers you purchased (limit 3 containers). No formal testing is required for the reimbursement.
