MORE MONEY

MORE FOR YOUR MONEY

I honestly have waited as long as I possibly could, but the time has come when I must adjust the advertising rates to reflect the increased cost of producing the magazine. Over the past year, Everything Equine has received so much support from the community and I hope for your continued support. I believe you will find that the rate increases are modest and fair. Even with an increase, Everything Equine offers some of the most affordable advertising around. November and December's rates will remain the same; however expect a small increase for January. And when I say small, I mean small. While my cost of production has more than doubled, the classified rates will only increase by 2 to 6 dollars. Business rates will increase approximately 10%. Considering what you get for your advertising dollar, Everything Equine's rates are the best around. Everything Equine is sent to over 200 stores, mainly in Central and South Florida. As a bonus for the advertisers, each magazine is also available on the internet at no extra cost. Classified ads are also posted on Everything Equine's Bulletin Board at no charge. To view the web site and for a link to the Bulletin Board, visit www.everything-equine.com. Do not forget the hyphen (-). Thank you, Melody

Registered Appy Filly, 14hh and growing.
19 mo old - ready to learn! 239-404-5373

Are you fed up at the pump?

All right folks, step right up! If you don't want to pay \$4.69 for gas, no problem; I have the perfect vehicle for you. Needs no gas, no oil, or even a battery, just a little grass and water will do these animals fine. Now everyone has different needs, so choose from the following models:

1. Trail Horse- Your average run around town animal. Has the energy to get where you are going, the brain to find the best way to go, big enough to carry the normal sized American.

2. The Arabian- perfect for those who travel long distances in a day and try to multi- task while driving. Although the Arabian may not go to your home or office with out specific instruction, it WILL go somewhere.

3. The Draft- Calling all soccer moms. This big guy can carry the whole team, their gear, and snacks. Just like the big machines, this guy will require more fuel, and his shoes will be more expensive than the compact model.

4. The Western Pleasure- The right vehicle for the high end white-collar workers. This animal works harder and requires more special knowledge so only the best can figure this out. Be sure to take your cell phone. You won't be stuck in traffic, you just won't be getting anywhere fast.

5. The Parelli- Salesmen, stay at home moms, and high school kids will all enjoy this dream. You can load him down with flapping Wal-Mart bags, ask him to walk in places a horse wont fit, and you can dance with him as you listen to the latest tunes.

6. The Walker- Do not be afraid to stop at Starbucks with one. You will get there in style and you can get your coffee to go!

7. The Drill- He can accelerate instantly and maintain that exact speed through traffic. Not to worry about wrecks, because this model recovers instantly and is seldom damaged. He has even learned to maintain proper spacing to safely avoid contact with others while zooming in and out of traffic. He can u-turn on a dime, stop instantly, and often knows which way to go without any guidance from the driver. Only drawback to this model is that he must hear loud county music or he will lose forward motion and eventually just coast to a stop.

8. The Dressage- Perfect for those who live by their daily planner. If you schedule every task precisely, then this is the model for you.

9. The Cross Country- Hang tight! You won't be late with this model. You will get there leaps and bounds before anyone else. Strap your possessions down or you will lose time backtracking for them.

10. The Ranch- The most dependable animal available. He will go where ever you ask him to, at what ever speed is appropriate. You can tie him to the stop sign and he will be there when you get back. Best of all, this model has been specially engineered to be able to go without water for days and stay fat and slick by eating sagebrush and dead prairie grass.

.....

Of course all models are available in base colors (sorrel, bay, black). Special order colors are available (dun, grey, palomino) and for an additional fee. Custom paint jobs are also available (overo, tobiano, blanket, leopard).

.....

No horse is sold with a warranty; however, maintenance plans are available in the event brakes, steering, or accelerator fail.

Derby Horse

A jogger running down a country road is startled as a horse yells at him, "Hey-come over here buddy."

The jogger is stunned but runs over to the fence where the horse is standing and asks, "Were you talking to me?"

The horse replies, "Sure was, man. I've got a problem. I won the Kentucky Derby a few years ago and this farmer bought me and now all I do is pull a plow. I'm sick of it. Why don't you run up to the house and offer him \$5,000 to buy me. I'll make you some money 'cuz I can still run."

The jogger thought to himself, "Boy a talking horse!" Dollar signs started appearing in his head. So he runs to the house. The old farmer is sitting on the porch. The jogger tells the farmer, "Hey man, I'll give you \$5,000 for that old broken down nag you've got in the field."

The farmer replies, "Son you can't believe anything that horse says. He's never even been to Kentucky."

Honey - 7 yo sorrel QH/Arab mare.
Push button. Easy keeper. Please come see!
\$2500 239-784-0973

17H Bay TB gelding, 6 years old. Sound and ready for West Palm. Winning at L4, scope to L7. Bold jumper, brave, honest and fast. Spirited TB w/springy jump. Intermediate riders OK. Thorough-

bred riders will find this horse easy. He is not difficult to ride, in fact he jumps ANYTHING in front of him. He is a blast to jump courses on, he has no fear! He is competitive and sensitive to the aids. A lot of horse for the money. An investors bargain at \$25K. Serious inquiries call for pics/video 239-877-2795

Jazz is a 1-2 year old, male, Flat Coated Retriever who was rescued from New Orleans after Hurricane Katrina. He was found on the streets in an area that had seven feet of water and had been there for 3 weeks to fend for himself. Sometime during that 3 weeks, he was attacked by dogs, and his hair is just growing back over his healed wounds. He had every worm possible, including heartworms. He has now received his first treatment for heartworms and will have the next treatment in November. He's doing very well and should recover quickly. He is a very sweet guy, who just needs time to overcome the trauma he's been through. He is not only very friendly, but he also walks perfectly on a leash. He looks up at you for direction and will do as you ask. He is looking for a somewhat quiet, easygoing home. He doesn't need anymore chaos than he has already been through.

If you'd like to meet Jazz, call 450-6301 or go to collierrescue.com to complete an adoption application.

Riding a dead horse into the 21st Century

The tribal wisdom of the Dakota Indians, passed on from generation to generation, says that when you discover that you are riding a dead horse, the best strategy is to dismount. In modern corporate America and government, however, a whole range of far more advanced strategies are often employed, such as:

- Buying a stronger whip.
- Changing riders.
- Threatening the horse with termination.
- Appointing a committee to study the horse.
- Sending a Congressional delegation to see how other countries ride dead horses.
- Lowering the standards so that dead horses can be included.
- Reclassifying the dead horse as "living impaired."
- Hiring outside contractors to ride the dead horse.
- Harnessing several dead horses together to increase the speed.
- Providing additional funding and/or training to increase the dead horse's performance.
- Doing a productivity study to see if lighter riders would improve the dead horse's performance.
- Declaring that as the dead horse does not have to be fed, it is less costly, carries lower overhead, and therefore contributes substantially more to the bottom line than do some other horses.
- Rewriting the minimum performance requirements for all horses.
- Promoting the dead horse to a supervisory position.
- Keep reassessing the horse until it rises from the dead.

Taken from the internet, author unknown.

Horse Tales

Sponsored by

Horse tales is an area where original, unpublished works by local writers and artists will be featured. If you have a short story, poem, work of art or anything that you've created and are interested in seeing in print, contact James May for submission guidelines, or if you would like to sponsor this feature, please call 239-731-2993, or email jmay0731@aol.com. This feature is **sponsored in full by local businesses** within our community. We are introducing an opportunity for children and adults alike to show their creative abilities and talents to the entire community. Please limit your submissions to horse related tales that coincide with an equestrian -oriented way of life.

Riding Whole

It was my first day without a cast, or crutches, or anything. I was free to walk without those unwanted assistants, but I didn't feel free yet. I was still weighed down by my own unending gloom and that caused hindrance enough with a whole leg. Everyone wanted me to ride Thunder again, everyone but me. I kept telling them that I was still trying to walk alone, how could I possibly ride a horse? Then Mom pointed out that I didn't seem to have much trouble running to pick up the phone. Caught in a trap of my own making, I hate it when she does that... so they finally got me out to the barn where Thunder was already saddled and ready as my father held the lead rope with a grin. "Don't get use to this because after today you'll have to saddle him yourself," he said. I didn't trust myself to respond, instead I went to mount my horse, throwing a dirty look over my shoulder; it was a particularly good scathing look too, if I do say so myself. So I mounted Thunder, with minimal help, and even though I was nervous, I walked him out to the ring. I didn't need to finish one loop before I was grinning like a cat. I stayed out there trotting and walking Thunder for at least an hour. How could I not have missed that, why was I so reluctant to ride him again? As much as I hate to say it, I guess everyone else was right, just because my leg was broken it doesn't mean that I have to be broken too.

I have loved horses ever since I was born. I don't know about you, but without horses the world would not be the same. I enjoy horse back riding, because when a horse canters, I like the way the air flies in my face. When I was about three years old my parents would take me horse back riding every Sunday. Everybody should have something that they love, whether it's mom or dad or animals, but I love horses.

My favorite things about horses are the funny way they think and all the different breeds. To begin with my first favorite thing is the funny way they think. When I was asking for a circle, Honey was playing a game with me by stopping behind my back. My second favorite thing about the way they think, is that every horse has good days and bad days, just like people! My next favorite thing is the different types of breeds. I saw an Arabian at a horse show and he was shining in the sunlight. Ever since then, I have loved Arabians. My second favorite thing about breeds are the colors! Paint, bay... my favorite is the paint. I like the way the dark pops against the light of the coat.

In conclusion, everybody has a favorite animal, no matter what, even if you are a boy! Without horses, the world would just not be the same.

Age 10

Tommie Barfield Elementary

I started riding when I was one. When I was still riding at my old barn I rode dressage/hunter. Now I am riding a horse called Miss Chunk. She's a real nice horse. When she looks at me her lips always hang down as if she's laughing. When ever Breanne and I are playing with her, she makes it fun for me. I am learning how to communicate with her. My favorite thing about horses is their personalities. Sometimes she looks like she wants to smile! I also like to clean and ride horses. They will always be my favorite! If there were no horses in the world, I don't think that I could live because horses are my life. They are animals that you can love, They have the best attitude. When I grow up, I want to be a horse vet.

Buckingham Pony Club

A new, local United States Pony Club is being formed in Fort Myers. Buckingham Pony Club has received initial approval for its charter from the United States Pony Club, Inc., and is accepting membership applications from Lee, Collier, Hendry and Charlotte counties.

The United States Pony Club is one of the leading junior equestrian organizations in the world with over 12,000 members and 600 local clubs throughout 30 countries. Membership is open to young people up to 25 years of age, and adults as sponsor members. It is not necessary to own a horse or a pony, but members must have access to one when required. Programs are offered in dressage, eventing, show jumping, mounted games, tetrathlon, quiz, vaulting, foxhunting and polocrosse. During unmounted meetings, members learn about feeding, shoeing, veterinary care, and other areas of horse management. Donors are also needed.

Buckingham Pony Club will hold most meetings at Hunters Sound Stable in Fort Myers. For information, contact Kerri Goldsmith, District Commissioner at 239-694-1418 or visit the web site www.buckinghamponyclub.org.

THE HOOF SUPPLEMENT WITH A KICK!

Total Mobility EQ™

The strongest, highest quality premium hoof supplement on the market, scientifically formulated to promote strong, healthy hooves. It also contains Glucosamine Sulphate 2KCL, an effective ingredient to help your horse's joints. Its wide range of proven ingredients, several of which contribute sulphur, feed the many complex tissues required for your horse's "total mobility". The doctors at MD's Choice have created a product with highly effective levels of the specific nutrients that are the most important and necessary for maintenance of both hoof and joint health, at the lowest daily cost possible, and in a convenient, premixed pelleted form that is easy to use, easy to dose, and easy to justify to the average horse owner's pocketbook.

Why Spend Your Money on a Product that Gives You Less? Compare Total Mobility EQ™ to Some of the Other Hoof Supplements

Shoer's Friend	Pellet	6.25 mg	1,134 mg	7,142 mg*	170 mg				Yes/Yes	

*7,000 mg or more of Methionine (in a 1,000 lb. horse) can block or inhibit the body's ability to use copper if given at that dosage for more than 30 days.

**Manganese (Amino Acid Chelate), the most bioavailable form of Manganese. Check if your hoof supplement is using this form.

***Glucosamine HCl has been proven to be less bioavailable than Glucosamine Sulphate 2KCL, with significantly lower absorption. See Web site for more info.
